TELLS CLARK TO "GET RIGHT"

Montgomery, Mo., March 28—Claud R. Ball, candidate for congress in this district in 1912 with the understanding that if Speaker Clark was not nominated for president he would withdraw fires a hot message to Clark this evening, in which he tells the speaker that if he persists in his opposition to the president it will mean his early retirement from congress.

"If that is what you want," says Ball to Clark, "go ahead; if not, get right."

The message adds that the democrats in this district are almost a unit for the repeal. It has been understood that Ball would not be a candidate this year, and at present Mr. Clark has no opposition.

COMMENT ON GORE TRIAL

The unanimous, even enthusiastic, verdict of the Oklahoma jury in the suit against the blind Senator by the wife of a disappointed office-seeker, her helpers being also disappointed candidates for office, brought a sense of relief to thousands of the Senators friends throughout the country, who feared political influences. The circumstances of the case and the result have strengthened Senator Gore. He was one of the earliest and has been one of the most consistent, progressives on the democratic side of the Senate Chamber Oklahoma has set a high standard of excellence in the only two Senators the state has had, she had the good sense to recollect Owen and will recollect Gore.—Harper's Weekly.
